Issues

- *Users have the ability to notify vendors of new issues or updates within 5 minutes instead of only in the daily summary. Note- Issue will still appear in the daily summary*

Notify Vendor

The Vendor will receive daily notification at 3:30 EST.

Would you like to send a copy of the issue now?

Sign-in Page

- *Users will be timed out after 30 minutes of inactivity, Keep me signed in option has been removed. This will help with reports and identifying trends in usage.*

The screenshot shows a 'Session Timeout' message: 'Your session has timed out due to inactivity.' Below the message is an 'OK' button. To the right is a sign-in form with fields for 'User' and 'Password', and a 'Keep me signed in' checkbox. A red box highlights the 'Keep me signed in' checkbox, and a red arrow points from it towards the 'My Profile' button in the navigation bar of the next screenshot.

My Profile

- *Vendors have the ability to add/remove divisions they have access to without admin assistance.*
- *My Profile button moved to the USERS page*

The screenshot shows a navigation bar with icons for 'Users', 'Vendor', 'Reports', and 'Email'. The 'My Profile' button, which was previously in the top right, is now located under the 'Users' icon. A red box highlights the 'Users' icon, and a red arrow points from the 'Keep me signed in' checkbox in the previous screenshot to this 'My Profile' button.
